ELECTRON ION COLLIDER USER GROUP MEETING 2016

Friday 08 January 2016

Collective behavior of partons in nucleons and nuclei & their consequences: Parallel Session - 1 Le Conte (14:00-18:00)

Should cover: Spin effects including transverse spin, saturation/coherent effects & hadronization

- Conveners: Gamberg, Leonard; Aidala, Christine

time	title	presenter
14:00	Gluon Sivers at EIC	ZHENG, Liang
14:24	Transverse spin observables and multi-parton correlations in hadrons at an EIC	PITONYAK, Daniel
14:48	W physics	XING, Hongxi
15:12	OAM	LIUTI, Simonetta
15:36	Hadron distributions in a jet	RINGER, Felix
16:00	Coffee Break	
16:24	TMD's at High Density: Quantum Evolution	SIEVERT, Matt
16:48	Jets at EIC	PAGE, Brian
17:12	Partonic structure of photons	CHU, Xiaoxuan
17:36	Correlation of hadrons in current and target fragmentation regions	AVAKIAN, Harut
